

This #ThankfulThursday, we're getting ready for pool season to kick off THIS SATURDAY, MARCH 13th! WOO HOO! And who better to be thankful for than our pool management company, Greater Houston Pool Management Inc.!?! This week, we're shining the spotlight on Russell Mitchell, Vice President of GHPM!

Russell and his wife Rachel have a beautiful daughter, Mina (pictured). He is a native of Ft. Lauderdale, FL and attended Florida Atlantic University, where he majored in Education. He tells us that custom PC building is one of his favorite past times!

Russell has been with GHPM for 6 Years, most of which he has spent servicing Sienna! He tells us that the Sawmill Lake Club Pool is his, "new favorite pool. The design is awesome!"

When we asked Russell what is special about Sienna, he said, "I strongly believe what sets Sienna apart from any other community I've worked with is the dedication of the Sienna staff. Without their effort and support, Sienna would not be the same."

What does Russell love most about his job? "What I love most about my job is the relationships I've built...and who doesn't want to work around pools all day?!"

Are you (or is your child) interested in working around pools all day with Russell and Greater Houston Pool Management this summer? If so, email: [jenniferm@greaterhoustonpool.com](mailto:jenniferm@greaterhoustonpool.com) !

Russell: we're so thankful for you and your commitment to our community. Your dedication to our residents and ensuring that they have a summer second-to-none is greatly appreciated. Thank you to you and all the folks at GHPM!
