

Today's #ThankfulThursday highlight of someone in Sienna who makes parks & recreation such a HUGE part of what makes our community such a fabulous place to live is the Association's General Manager, Sandy Denton.

Sandy has been Sienna's GM for 15+ years. She was born on Tindale Air Force Base in Florida, but has been in the Houston area (by way of Phoenix, AZ) since 1984. Sandy is a very proud mother of three adult girls and is also a very proud Arizona State University alumna!

Sandy loves spending time with her family and friends, loves the beach, reading and running in her free time. When asked who her hero or person she admires the most is, she proudly says, "my Dad".

When we asked her what her favorite "spot" in Sienna is, she was torn: she says it USED to be the amphitheater at Club Sienna, overlooking the lake...but now it is the Broad Oak Patio at the Sawmill Lake Club, overlooking Sawmill Lake.

We asked Sandy what has been most rewarding in her role with the Association in regards to recreation during her tenure, and she told us, "the growth in recreational opportunities for residents in Sienna---both from a programming perspective as well as facility options! We have an amazing recreation staff that is very creative and always tries to bring fun and unique experiences for our residents!"

Sandy, we are so thankful for your leadership in our community. We wouldn't have all of the amazing facilities and programming opportunities without it!
