

In today's edition of #ThankfulThursday, we meet another person who makes Sienna an amazing place to live, work & play: Alex Carvajal, President of Fort Bend Adult Soccer Association (FBASA). Did you know we have an adult soccer league that plays at Camp Sienna!? We do!

Alex has lived in the area for 35 years. He and his wife, Teresita have two children: Nicolas and Caroline. Alex attended The University of Houston. Not surprisingly, Alex's favorite pastimes are (you guessed it!) playing and training soccer...and he also enjoys boating, and traveling.

We asked Alex who his heroes are and he proud said, "My wife, my kids, and God."

His favorite "spot" in Sienna? Camp Sienna, naturally. We asked Alex what has been most rewarding in his role with FBASA in Sienna, and he said, "Being able to provide the adults a recreational outlet where anyone can participate and have fun." He added, "I love being part of this growing and diverse community. It has been a very rewarding and beautiful experience for my family and myself."

For more information about FBASA, visit www.siennarec.com. If you'd like to contact Alex to see about joining the league (register an entire team!), email him at: alex@fbasa.com!

Alex, having you as a part of this community has been so very rewarding for us as well. Thank you for what you do for Sienna and for Fort Bend County as a whole. We're so thankful to have FBASA in our backyard!
