

On this #ThankfulThursday, we're especially thankful for the newest member of the Association's REC-ing Crew, Hayley Wilson! Hayley is the Association's Recreation Coordinator and will oversee athletics, leisure classes, camps and other assorted programming!

Hayley is a native of San Jose, California. She attended University of Nevada - Las Vegas where she was a member of the women's soccer team!

When asked what her favorite pastime was, she reminisces on her time at UNLV and being a part of the team winning the Mountain West Conference. Her favorite hobby? Visiting new places...and collecting Christmas ornaments! She also shared with us that she is a HUGE animal lover: she has one cat and one dog, both of whom are "EXTREMELY spoiled".

Hayley's hero is, and always has been, Mia Hamm, the women's soccer legend. "She helped young girls believe anything was possible!" Hayley says.

When asked what her favorite "spot" in Sienna is (so far), she says, "Sawmill Lake Club. Being able to sit right next to the lake is breathtaking!"

So what is Hayley most excited about in her new position here in Sienna? "...to become part of the Sienna family...and can't wait to meet many new, friendly faces!"

We're so thankful to have you here, Hayley. You're going to be an awesome addition to our family!
