

Director of Racquet Sports: Lito Diano

During the last ten years, as you may know, Lito Diano has spent his time here coaching the adults and children of Sienna as a tennis teaching pro. Prior to this he has been actively involved in sports and tennis in the area for many years. Lito has participated in several tennis leagues as a player, has managed a Tennis Shop in the Sugar Land area, was an assistant tennis coach at Emery Weiner HS and was Director of Sports at the Fort Bend County YMCA. Lito finds great reward in having his students succeed and notes that one of his senior students from Ridge Point HS just signed a letter of intent for tennis with Roger Williams University. Lito has also been a certified personal trainer and promotes the importance of maintaining a healthy lifestyle.

When not coaching Lito enjoys watching a multitude of sports as well as playing golf, softball, basketball and working out daily. He is proud of his four grown children and spends time with his wife, eight grandkids and daughters that live nearby. Any extra time is spent relaxing, preferably on the beach!
