

This month, we continue to look at our sponsors who, year in and year out, support recreation programming in Sienna without hesitation! We're so thankful for the unwavering support of sponsors like today's highlight!

Today we're thankful for Don Grabill with Design Security Controls. Don has worked with the Association for 16 years! Don is the HOA Division Manager for DSC.

Don is a native of Barbers Hill, Texas and a graduate of Lee College. Don and his beautiful bride, Crystal, have 3 children, ages 16, 12, and 6. In his free time, Don loves fishing and watching baseball and football.

We were curious: who is Don's hero? "My Dad and Grandfather. Both taught me the work ethic I have." That you do, Don. We see it first hand!

His favorite spot in Sienna? "Club Sienna. Seeing how it evolved over the years to what it is now."

We asked Don what he enjoys most about his role working with the Association, and he shared, "I enjoy being a part of the Association and seeing how the community, amenities, and Recreation Department have all grown from what Sienna was in 2005 when I started working with you guys to the amazing operation it has become today."

Don added, "Sienna is the gold standard and the association that most communities look to and try to model after, this is due to the dedicated employees and drive to be exceptional. It is a pleasure working with a team that we all share the same goal of bringing exceptional service to the community."

YOU are the gold standard, Don. We're so privileged to work with you and sponsors like you that value the exceptional lifestyle that Sienna residents have invested in. We are so thankful for our relationship with you and DSC!
