

This #ThankfulThursday , as we focus on yet another individual who makes recreation in Sienna so amazing, we meet JR Salto, Maintenance Supervisor for Sienna Associations.

JR is a native of Houston. He and his wife Ixeel are awaiting the birth of their first child! "I'm soon to become a father and I'm excited!" he shared.

We asked JR what his favorite past times are, and he told us, "working on cars...and annoying my wife." Well, at least you're honest, JR. 😊

We asked JR who he admires the most, and he said, "I admire my parents".

What is his favorite "spot" in Sienna? "I love all of Sienna," and shares that he looks forward to soon being a resident here!

We asked JR what he enjoys most about his role in making recreation in Sienna such a huge part of the amazing lifestyle that residents have come to love so much, and he said that, "the thing I enjoy the most is that I feel like I make a difference in Sienna". That you do, our friend. That you do.

JR...you make a HUGE difference. We truly couldn't do it without you. Our residents are so lucky to have you on their team, so lucky to have your work ethic leading the charge for them daily. We're so thankful to get to work side-by-side with you each day.

UPDATE! We should add that JR and his wife just had their first child, Sebastian, last week so this weekend, he will be celebrating his very first Father's Day! Congratulations, to the Salto family!
